

The diagram shows a rectangular hall layout. At the top, there is a brown rectangular stage labeled 'Scen 2x4m'. Below the stage, the hall is filled with 34 rectangular tables, each represented by a blue square with a yellow star in the center. The tables are arranged in two rows: the top row has 6 tables and the bottom row has 8 tables. The tables are oriented vertically, with their long sides parallel to the stage. The entire hall is enclosed in a black border.
